Registration no.: **E - 82/2021**

Bratislava: 2 November 2021

Ing. Ivan Škoda, EUR ING, MBA
Director of railways division and transport on railways

Annex 1 to the Authorization, registration no. E-82/2021.

This Authorization applies to the execution of:

- 1. Assembly, repairs, maintenance and reconstruction of specified technical electrical equipment on railways pursuant to Section 17 para. 1(a) of the Railways Act and pursuant to the Decree of the Ministry of Transport, Posts and Telecommunications of the Slovak Republic no. 205/2010 Coll. on specified technical equipment and specified activities and activities on specified technical equipment as amended (the „Decree no. 205/2010 Coll.“):**
 - a) E2 - Electric railway networks and electrical distribution of railways up to 1,000 V AC and 1,500 V DC inclusive,**
 - b) E6 – Electrical equipment of railway vehicles, including wagons and track mechanisms.**

Authorization conditions specifying the requirements for the execution of specified activities:

The following conditions must be met for activities under this Authorization:

1. The technical documentation for carrying out activities must correspond to Slovak technical standards, legal regulations, actual design of the electrical equipment and condition found during the verification.
2. Activities provided within the framework of cooperation by other entities shall be accepted only from legal entities that are authorized to perform the specified activities in question pursuant to Section 17 para. 2 of the Railways Act.
3. The execution of specified activities must be performed by employed persons with the professional competence to perform activities on specified technical equipment pursuant to Section 18 of the Railways Act and Section 22 of Decree no. 208/20210 Coll.
4. To ensure the execution of the specified activities according to the status found during the examination of the professional competence and conditions of the legal entity for the performance of the specified activities.
5. To notify the safety authority of changes in facts that were decisive for the issuance of Authorization within 15 days from the day the changes occurred.

Notice

- If the safety authority detects serious deficiencies in the performance of specified activities that may affect the safety of the operation of specified technical electrical equipment or the safety of the operation of the track or transport on the track, or detects non-compliance with the conditions of the Authorization, proceedings will be initiated to limit the scope of the Authorization or to cancel it.

An administrative fee was paid for the issuance of Authorization pursuant to special regulations for the performance of specified activities in the area of specified technical equipment on railways pursuant to item 203(a) of the tariff schedule of administrative fees of Act of the National Council of the Slovak Republic no. 145/1995 Coll. on administrative fees, as amended, in the amount of EUR 26 in the form of an e-stamp. The applicant thereby fulfilled his fee obligation in full.

Bratislava, on 2 November 2021
